Addendum 1

Question:

Have you standardized on a particular iPhone model and spare smart phone model?

Response:

The County will accept iPhone 16s or iPhone 15s with a preference for 16s. This includes spare devices.

Question:

It doesn't mention a data pool quantity, or data plan requirement. Is there a pooled Gb level that you would like us to bid?

Response:

The County asks for 3GB of shared data per device or a pool of 210GB of shared data.
